

For eating establishments that are not yet Tav HaYosher certified:

Dear NAME OF OWNER/MANAGER,

I am a kosher consumer and I care about the rights of workers in kosher eating establishments. I work/am a student at/volunteer with X organization. We regularly plan events/ we plan weekly events where we place large catering orders. Our policy is to place orders at restaurants/caterers that have both kosher certification and the Tav HaYosher, the ethical seal which represents the fact that a restaurant owner recognizes his employees' rights to fair pay, fair time, and safe work conditions.

Joining the Tav HaYosher is a simple and completely free process. Tav HaYosher certification standards are intended only to reinforce state and federal labor laws regarding restaurant workers' rights to standard compensation and fair treatment - no more or less. **Although we enjoy your food and wish to continue supporting your business, we only support restaurants that display the Tav HaYosher.** Please contact [tav@utzedek.org](mailto:tav@utzedek.org) to join the Tav HaYosher.

Thank you, in advance, for your commitment to just workplaces. I look forward to ordering again soon, after you acquire the Tav HaYosher!

Best,
